Arlington, VA 22313-1450

Sir:

In compliance with the duty of disclosure under 37 C.F.R. § 1.56, it is respectfully requested that this Supplemental Information Disclosure Statement be entered and the documents listed on attached Form PTO-1449 be considered by the Examiner and made of record in the present case. Copies of the listed documents required by 37 C.F.R. § 1.98(a)(2)(iii) are enclosed for the convenience of the Examiner.

In accordance with 37 C.F.R §§ 1.97(g),(h), this Supplemental Information Disclosure Statement is not to be construed as a representation that a search has been made, and is not to be construed to be an admission that the information cited is, or is considered to be, material to patentability as defined in 37 C.F.R. § 1.56(b).

A Final Official Action has been received in the present application. However, this Supplemental Information Disclosure Statement is being submitted in an abundance of caution and should be enterable under 37 C.F.R. § 1.97(d) in light of the following information. In the alternative, for completeness and to most fully comply with the duty of disclosure, the enclosed document should be placed in the file in accordance with 37 C.F.R. § 1.97(i).

In accordance with 37 C.F.R. § 1.97(e)(2), it is hereby certified that the documents listed on the accompanying Form PTO-1449 were not cited in a communication from a foreign patent office in a counterpart foreign application. The listed scientific reference was also published in October, 2004, which is less than three months before the filing of the present statement. The listed patent documents and scientific reference could not have been submitted before identification and/or publication.

No fees should be due in connection with the filing of this Supplemental Information Disclosure Statement. However, should any fees under 37 C.F.R. §§ 1.97(d) and 1.17(p) be due, the Examiner should contact the undersigned representative to discuss deduction from Williams, Morgan & Amerson Deposit Account No. 50-0786/4003.001800.

Respectfully submitted,
